

Need sanitary equipment but far from services?  
RCM Group has the solution!

## Discover our **NEW** completely autonomous **SANITARY MODULE**

**8 WEEKS**  
possible autonomy

- Standard module 12 ft x 32 ft and it can also be made - to- measure
- Black and grey water autonomous filtration system
- Rent or buy
- Transport, installation and service

**A UNIQUE CONCEPT** developed in collaboration with the Technological water centre of the St. Laurent Cegep.

Constructed entirely in the factory, our autonomous sanitary module is delivered ready for use. No connection to the sewage system necessary to offer complete sanitary units for men and women. **Job sites, festivals, parks, national defense camps, tourist sites, temporary expansion:** the possibilities for use are numerous.

# A unique and efficient system

Hygienic  
and odorless

Economical

Easy to operate  
and upkeep

Ecological

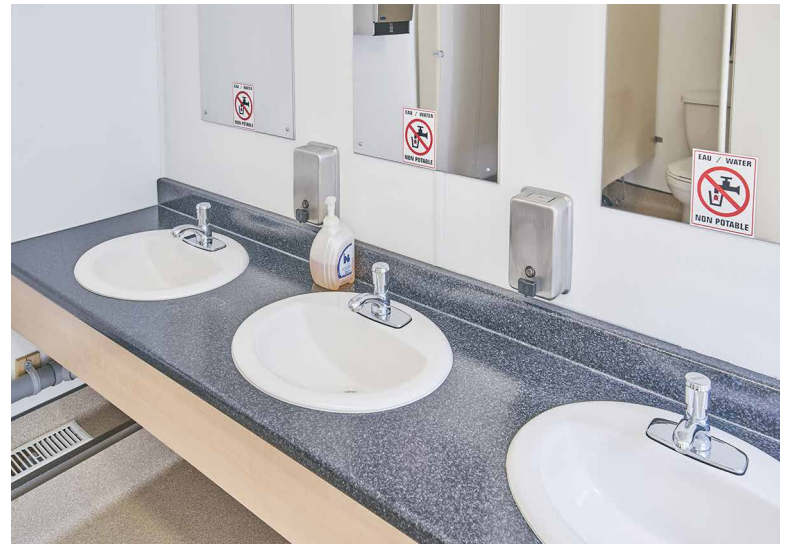

## Each standard module contains:

▪ Toilets and urinals

▪ Sinks, vanities, mirrors  
and trash cans

▪ Soap and paper towel  
dispensers

▪ Toilet paper dispensers
